Hello,

First off.....Registration for the 2027 Training Summit is officially open!

The WSNIA board has some exciting news we want to share with our attendees for 2027. We have partnered with Alaska narcotics detectives and the Alaska HIDTA to become the Washington Alaska States Narcotics Investigators Association, WASNIA, moving forward. We have added Alaska DEA Agent Marcus Chernecke, as a member of our board to represent the great state of Alaska. If you have attended our Training Summit in the past, Marcus has been helping out with the Jeremy Brown Memorial Cornhole Tournament since it started. We are excited to have him on the board. Our website and email will be updated to reflect this name change after the 2027 Training Summit but we will have swag for sale with Rush 10-8 commemorating this exciting time for our association.

We are looking for assistance with this year's vendor show raffle and cornhole tournament for 2027. The Jeremy Brown Memorial Fund is officially a 501.c3. We are looking for leads on businesses willing to donate cash or product towards the raffle to support events we put on to raise money for the JBM Fund. Please email Matt Curtis at mcurtis@wsnia.org if you know of any businesses or folks willing to donate for this upcoming year's Training Summit events.

We have a great line up of speakers and classes this upcoming year. Our Director of Training, Rich Wiley continues to find the best classes in the country to present and share at our training summit. If you have suggestions or are looking for specific training, please reach out to Rich at rwiley@wsnia.org.

If you have any leads or suggestions on Vendors, please email Matt Messer at mmesser@wsnia.org

If you have any suggestions for the training summit, please reach out to me at cforeman@wsnia.org

Lastly, we have upgraded to a new conference app called Whova. You will also see that registration for the Training Summit goes through them. We feel this is the best app for the cost, and it will assist us in issuing training certificates faster and promoting more networking opportunities for our attendees during and after the training summit.

We look forward to seeing you in Coeur d Alene soon,

Chris Foreman
